The aim of this Policy is to assist Dronfield Town Council in providing a safe and healthy workplace and working environment for all of its employees, and to protect all other persons not employed by the Council, but who may be affected by their work activity.

2. Executive Summary

The Policy provides the framework by which the management of health and safety within the Council will be carried out, including the necessary arrangements and organisation. Good communication and competence throughout the organisation will be essential to the success of the Policy.

3. Policy Statement

The Council is committed to meeting its responsibilities to safeguard the health, safety and welfare of its employees, elected members, contractors, volunteers, agency staff and any other person who may be affected by its activities.

To enable the Council to carry out these responsibilities it will, so far as is reasonably practicable, take steps to:

The Council delegates the main responsibility for health and safety to the Town Clerk, but in order for this policy to be successful, it is the personal responsibility of each employee, elected member, contractor, volunteers and agency staff member to:

- take reasonable care in carrying out their activities to minimise the risk to their own health, safety and welfare and that of their colleagues or others who may be affected by their actions

Please note: Day to day responsibility for health and safety matters relating to the Cemetery and Town Council Property & Spaces Maintenance will rest with the Outside Services Manager position.

The allocation for safety matters and the particular arrangements that we will make to implement the policy are set out below. The policy will be kept up to date, particularly as the organisation changes in nature and size.
