Subject: Calibration of Speed Laser Device

Morning Mike

Hope you are keeping well.

I know that you said that you would set up a reminder for this to be discussed at meeting approaching the calibration date but the laser needs calibrating by 16th February 2024. Has approval been given, so that we can get the device sent off in time?

The cost will be £245 plus carriage and VAT. Carriage being £22 + VAT outbound and £20 + VAT return.

Thank you

Jules

Kind regards
