*Unless otherwise stated, we obtain the actual recorded last 12 months consumption figures directly from your current supplier. We do this so as to ensure that you receive an accurate as possible estimate of your annual spend. Also, to ensure suppliers tender for the consumption expected. By doing so, we are minimising your organisations exposure to any take or pay or other volume clauses, that suppliers might attach to your terms and conditions. Unless otherwise advised, all prices displayed are inclusive of our fees which are to be paid to Utility aid by the chosen energy supplier.
